## TEE Preparation and Revision Program

Since we pioneered TEE Revision Courses in 1986 enthusiastic feedback from students, parents and teachers tells us that our courses fill a real need and that students achieve great results. One of the keys to your success is that we work in small groups, so that you have constant contact with a TEE subject specialist. (Our teachers are TEE markers, write the textbooks, etc). You benefit by getting individual attention to your needs and an increased understanding of the course content.

Excellent results were achieved by students who attended **ACADEMIC TASK FORCE 2007 TEE Courses**, including **4 General Exhibitions, 14 Special Exhibitions, 39 Certificates of Distinction and 51 Certificates of Excellence.**

That's not all. Our courses help the high-flyers and the strugglers. A majority of our students report a dramatic boost to their confidence and achievements as a result of attending **ACADEMIC TASK FORCE** Courses.

Our outstanding team of expert teachers will ensure that you will get the results you want. The ten-hour subject courses—two hours a day for five days (we do give breaks, designed to optimise your learning)—will ensure that you get a thorough coverage of the course content, plus excellent opportunities to focus on past TEE papers for exam preparation.

## WHAT DO ACADEMIC TASK FORCE COURSES OFFER?

**Our classes are small.  
This means that you get better  
attention to your needs.**

- **Our 10 hour subject courses provide thorough revision plus exam preparation**
- **Small tutorial groups give you more interaction with the teachers**
- **You receive individual attention to your problems**
- **Experienced teachers keep you focussed on the important areas**
- **Maximise the benefits of the program by doing our study skills course**
- **Excellent results are achieved by our students**
- **10% discount if you enrol and pay before September 10th**

Our very successful study skills course is an important part of our program. Our course, which focuses on active learning strategies, will help you achieve success in goal setting, time management, memory techniques, speed reading, note taking strategies and exam preparation.

**You can incorporate the study skills course with your first subject at the special price of \$250.**
